

Team Epsilon Sponsor Flyer

We are **Team Epsilon 10753** from Phoenix, Arizona. We are a rookie team participating in the FIRST Robotics Competition. Our team's mission is to inspire the next generation of students in Phoenix and prepare them for the real world. Team Epsilon is dedicated to teaching students fundamental engineering and science principles in a fun, and competitive way.

Supporting **Team Epsilon** means backing a **FIRST** Robotics team dedicated to inspiring and equipping students with practical skills applicable in the real world. Your sponsorship is pivotal in enhancing our ability to educate and support a broader spectrum of students, fostering a community of learning and innovation.
